II. REMARKS

In the Notice of Allowance mailed on December 13, 2004, the drawings were objected to as failing to comply with 37 C.F.R. § 1.84(p)(5) because they do not include the following reference sign mentioned in the description: The section 22 of cross pole 2 has not been indicated by a reference sign. The Notice of Allowance also stated that there should be a line of separation between sections 21 and 22 of the cross pole 2, shown in Figures 1-3, 10 and 11. The Notice of Allowance states that as currently shown, the cross pole 2 appears as an integral member, which would be unable to fold.

Applicants respectfully thank the Examiner for his careful review of the drawings. In response, the attached replacement sheets of drawings includes amendments to Figures 1, 2, 10 and 11. These attached replacement sheets of drawings, which includes Figures 1, 2, 10 and 11, replaces the original sheet of drawings which included Figures 1, 2, 10 and 11.

Applicant submits that these amendments to the drawings are in compliance with 37 C.F.R. § 1.84. In addition, Applicant submits that no new matter is added in accordance with 35 U.S.C. § 132 and 37 C.F.R. § 1.121.
